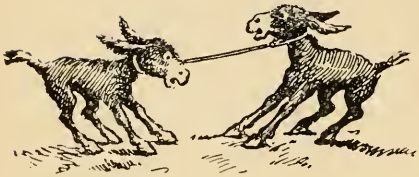
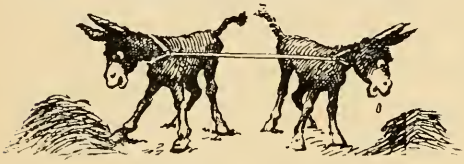
PUT YOUR TOWN ON THE MAP

This Town May Have What It Needs When Its Citizens

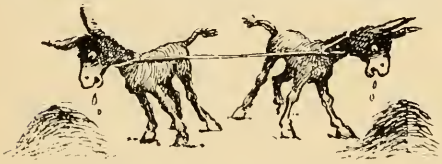
"PULL TOGETHER"



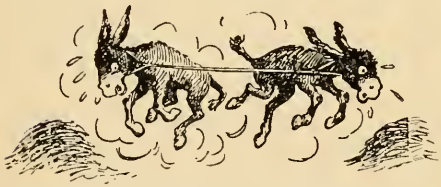
Two fool jackasses—Say! get this dope—
Were tied together with a piece of rope.



Said one to the other, "You come my way,
While I take a nibble of this new mown hay."



"I won't!" said the other, "You come with me,
For I too have some hay, you see."



So they got nowhere; just pawed up dirt;
And oh, by Golly, that rope did hurt!

Then they faced about, these stubborn mules,
And said, "We're just like human fools."

"Let's pull together. I'll go your way,
Then come with me and we'll both eat hay."

Well, they ate their hay and liked it too;
And swore to be comrades good and true.

As the sun went down they were heard to bray:
"Ah! this is the end of a perfect day."

Now get this lesson, don't let it pass—
Learn this one thing from the poor jackass:
We must PULL TOGETHER, 'tis the only way
To put a Town on the Map and put it to stay.

Since the last annual report the educational facilities in Auburn have been greatly improved due to the construction of the modern brick building in the village. As a result, the pupils who formerly attended the Village, Bunker Hill, and Number One Schools are housed under one room. The many fine efforts and extra time expended by the members of the school board to make these changes possible should be appreciated as a real public service by every citizen.

The conditions under which the pupils of Auburn attend school are more healthful than heretofore. The modern build-

ing equipped with flush toilets, good heat and ventilation, and well-lighted classrooms are benefits which cannot be denied.

There are several other distinct advantages to be gained by the school set-up as it now exists with no teacher, in either the Severance or Village Schools, teaching more than four grades. With fewer grades more time may be devoted to the various subjects. Pupils may be taught to learn and live together more effectively when the ages of the pupils are more nearly alike.

This year has necessarily been one of readjustment due to our new school. Certain difficulties arose from time to time. An adequate system of transportation was necessary and has been provided. Details as to the administration of the new building have been fairly well adjusted.

Steps are continually being taken to furnish adequate textbooks, materials, and supplies to pupils and teachers. Various additions as regards textbooks which have been made during the year include primary reading, language in grades seven and eight, history grades four and five, social science workbooks, and others.

The budget for 1941-1942 includes an item of $5,000.00 for high school tuition. This represents an increase over the amount appropriated for this year. The fact that more pupils are entering high school after graduating from our schools is a commendable one. Reports from the secondary schools which are attended by Auburn boys and girls would indicate that, generally, these pupils are making the most of their opportunity to further their education.

However, occasionally a boy or girl registers in high school and attends for only a short period. As a result tuition is paid for a full semester when, as a matter of fact, the pupil may only attend for a few weeks and he withdraws from school. The money already paid cannot be recovered and is

lost to the district. It cannot be over-emphasized that only those pupils who intend to complete, at least the semester, should enroll in high school. Likewise, the school district cannot be responsible for more than four years of high school tuition for any one pupil.

Last spring a new state law which required instruction to the physically handicapped was enacted. As a result of this statute one child has been receiving home instruction during the current school year, the expense being absorbed in the present school budget. The advantages of this type of training are obvious. It should be pointed out, however, that provisions for this expenditure must be included in future budgets.

On Thursday evening, June 13, 1940, diplomas were awarded to fifteen boys and girls who had completed the work of the first eight grades of the Auburn Schools. Appropriate exercises preceded the presentation of certificates. Those who graduated were:

Number One
Robert Guinesso
Charles Jodoin
Eva Oliver

Village
Virginia Davis
Martha Harris

Bunker Hill
Marion Cochran
Warren Delaware
Shirley Dietz
Dorothy Schroeder

Severance
Beatrice Dionne
Theodore Ficek
Irene Martineau
Albert Nye
Olive Royer
Shirley Sell

Many times schools suffer because of lack of understanding between them and the community. Too often there is contact between parents or the public and the teachers or school officials only when something goes wrong. The education of

the youth of today is very important to the development of proper attitudes and ideals of citizenship. All of us—school officials, parents, pupils, and citizens in general—have a responsibility in the accomplishment of this work.

"We must have faith in the institutions of America. This is the time for criticism to be changed to commendation, for distrust to give way to confidence, and doubt to yield to understanding to the end that we will all dedicate our united efforts to preserve those institutions on which our American way of life is based."

Respectfully submitted,

EDWARD I. ERICKSON,
Superintendent of Schools.
